

Transformative Climate Communities: Revised Draft Scoping Guidelines

February 2017

CALIFORNIA
STRATEGIC
GROWTH
COUNCIL

WORKSHOP GOALS | METAS DEL TALLER

- Provide clear understanding of Revised Draft Scoping Guidelines
- Receive your input and recommendations
- Answer your questions
- Presentar un resumen claro del Borrador Revisado de las Reglas
- Recibir sus sugerencias
- Responder a sus preguntas

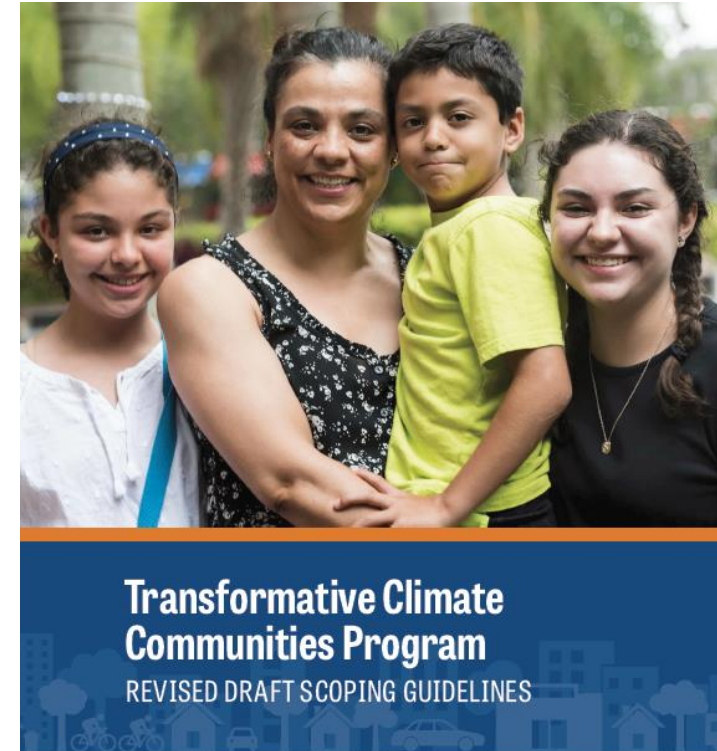

BACKGROUND

- AB 2722
- Implementation Grants
 - \$140 Million
 - 1) Fresno
 - 2) Los Angeles
 - 3) To Be Determined
- Planning Grants
 - \$1.5 Million
 - 5-10 grants

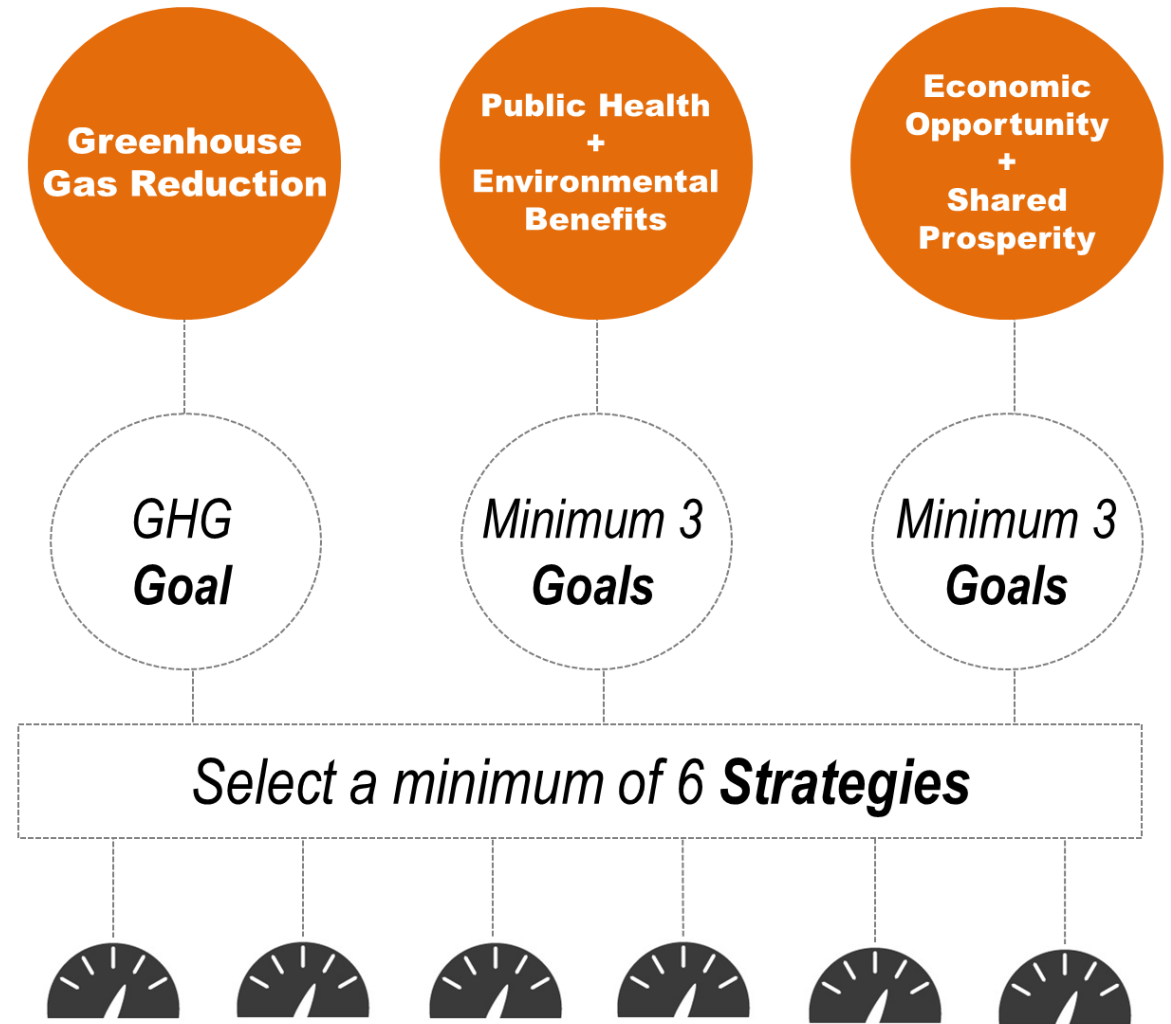

VISION FOR TRANSFORMATION

- Place-based Approach
- Focus on Most Disadvantaged Communities
- Integrated Climate Strategies
- Partnership

FRAMEWORK

- Objectives
- Goals
- Strategies
- Indicators
- Thresholds

3 OBJECTIVES + REQUIRED GOALS

1. **Achieve Significant Reductions in Greenhouse Gas Emissions.**

Establish a greenhouse gas reduction Goal for the Project Area that meets or exceeds a path toward long-term emissions reductions aligned with State goals.

2. **Improve Public Health and Environmental Benefits.**

Establish a minimum of three Goals to improve public health outcomes for community residents and achieve environmental benefits for the Project Area.

3. **Expand Economic Opportunity and Shared Prosperity.**

Establish a minimum of three Goals for workforce training, employment and local business expansion for the Project Area.

12 STRATEGIES: SELECT MINIMUM OF 6

1. Equitable Land Development
2. Transit Access and Mobility
3. Urban Greening and Green Infrastructure
4. Decarbonized Energy and Energy Efficiency
5. Water Efficiency
6. Robust Food Systems
7. Land Preservation and Restoration
8. Materials Management
9. Climate Resiliency
10. Health and Well-being
11. Workforce Development and Education
12. High Quality Job Creation and Local Economic Development

INDICATORS

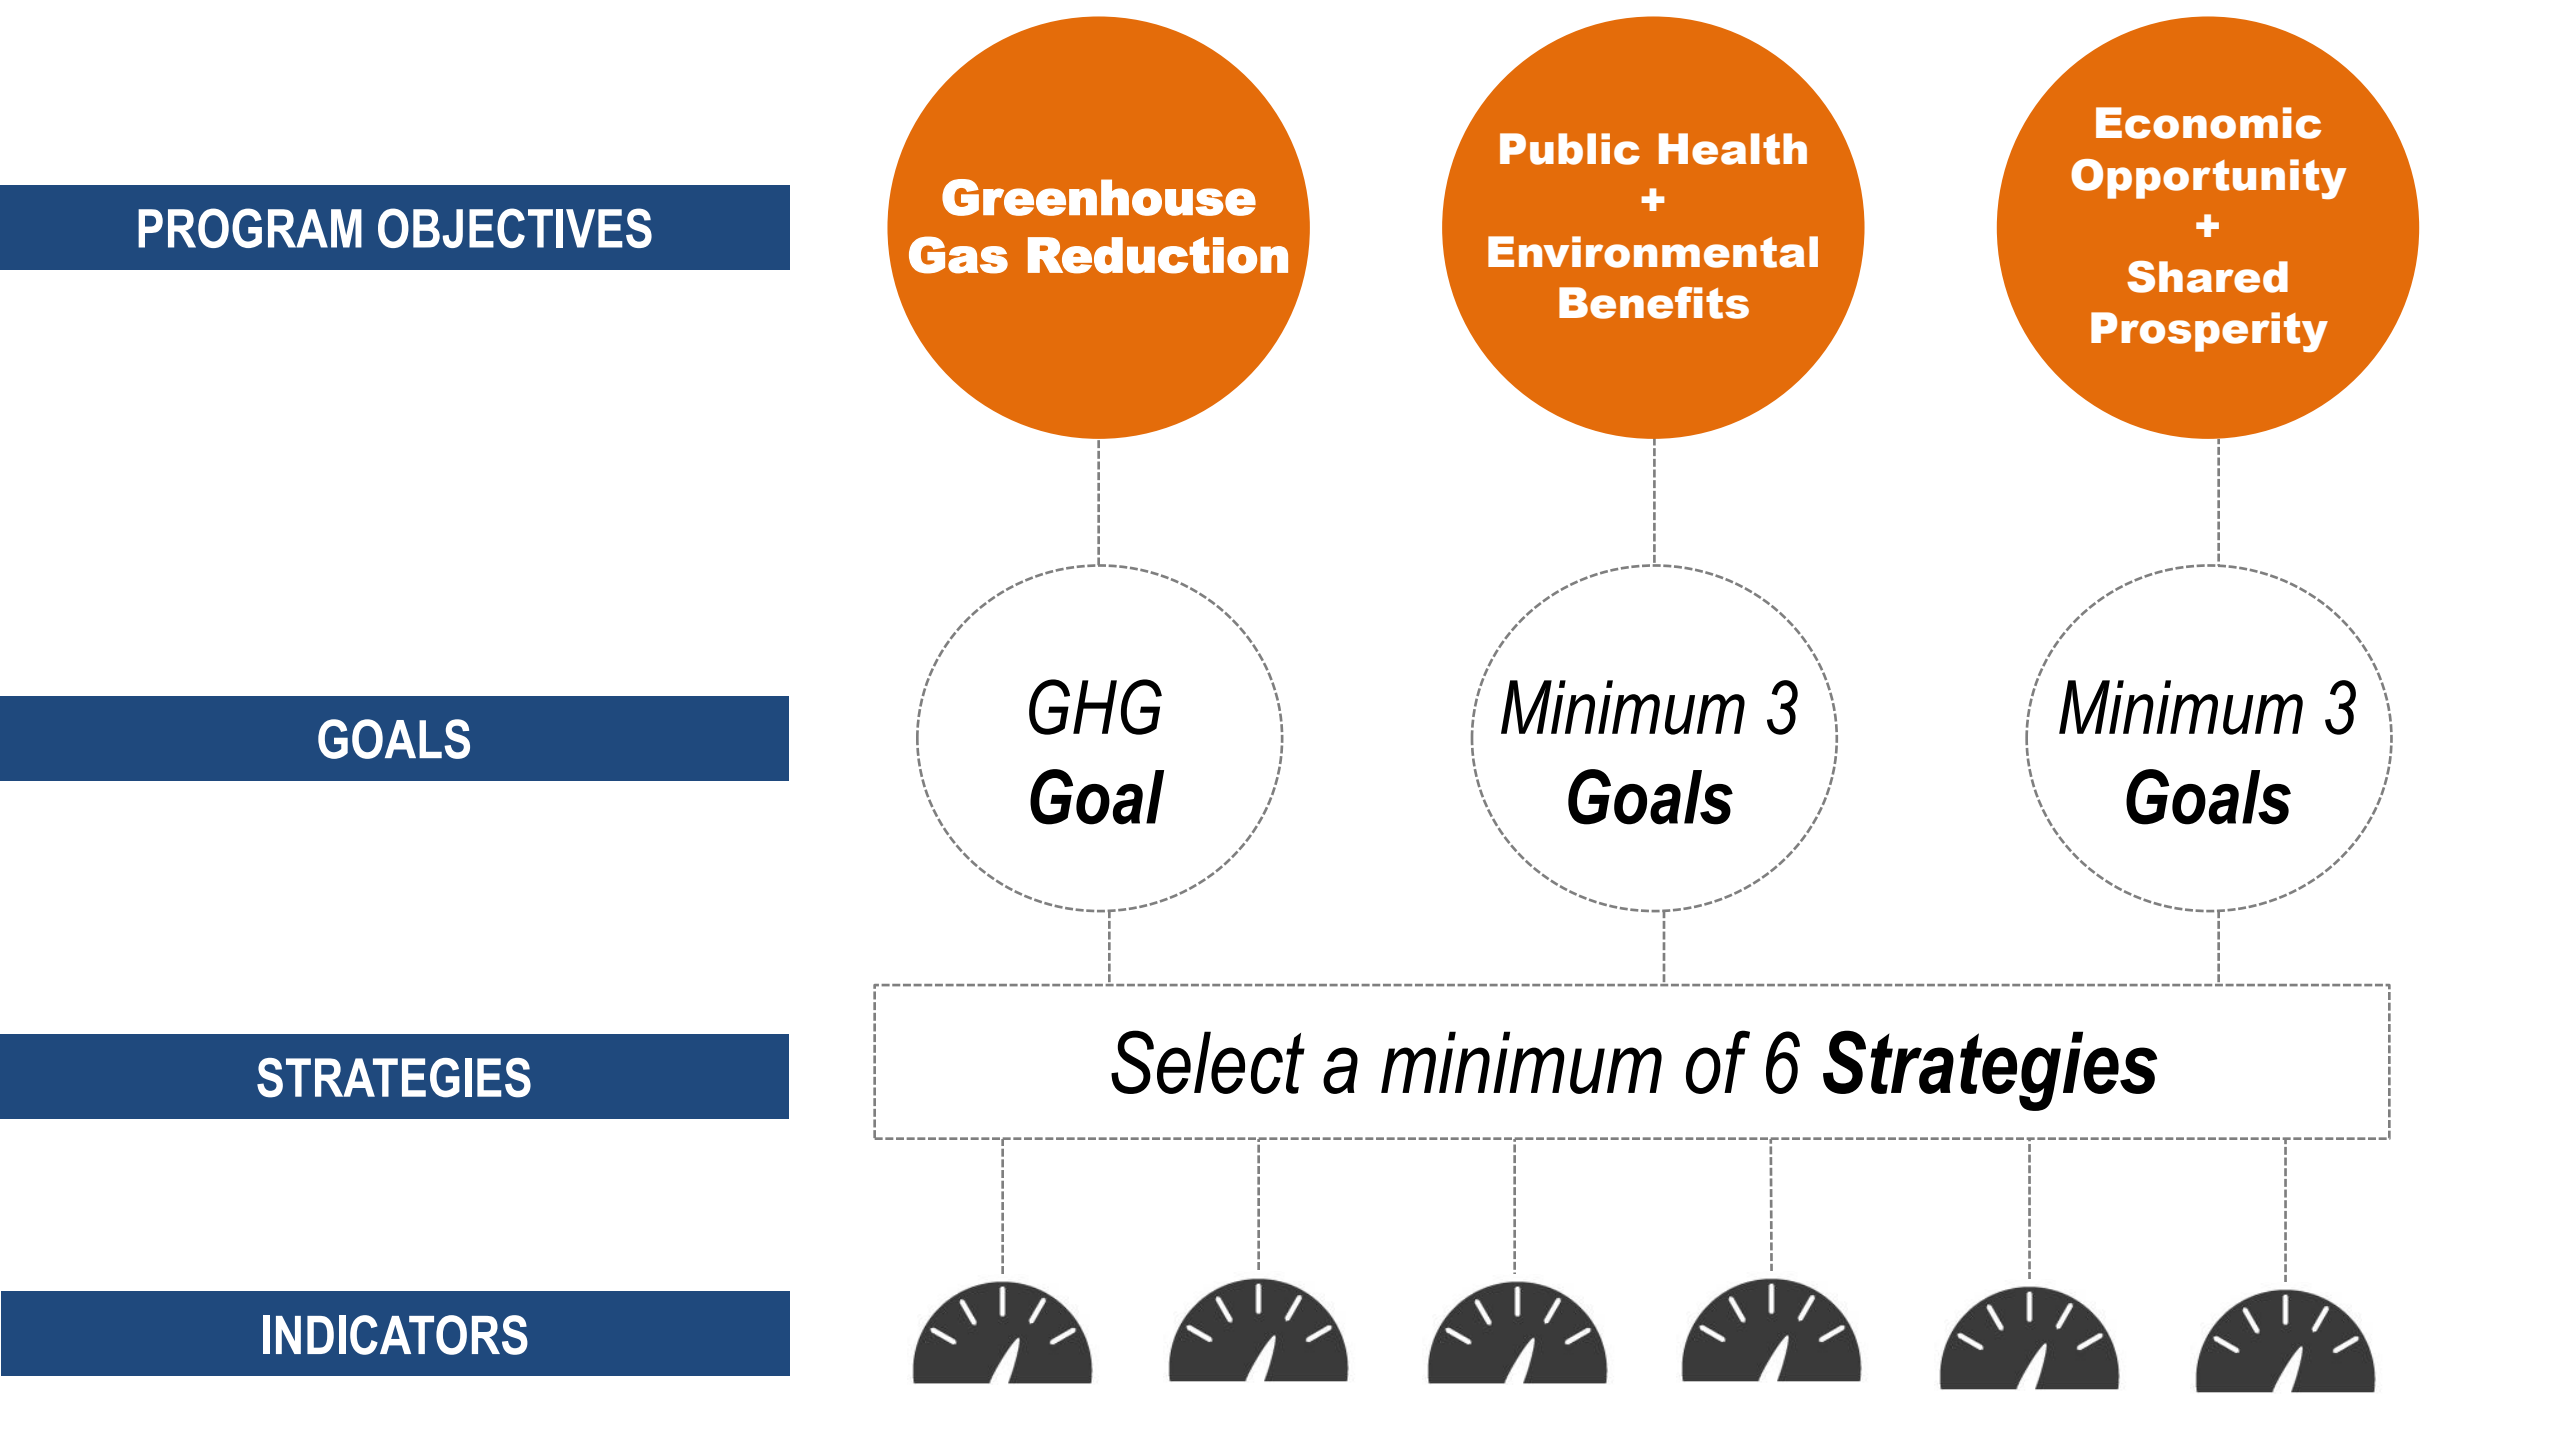

- Must Identify Indicators for each Strategy
- Measure and track progress toward the Goals
- Must establish a baseline measurement for the Project Area using the best available data

ELIGIBLE PROJECT TYPES

- Supported by existing California Climate Investment (CCI) Programs
- Project Types and components that do not achieve GHG reductions must use leveraged funding

PROGRAM OBJECTIVES

Greenhouse Gas Reduction

Public Health + Environmental Benefits

Economic Opportunity + Shared Prosperity

GOALS

GHG Goal

Minimum 3 Goals

Minimum 3 Goals

STRATEGIES

Select a minimum of 6 Strategies

INDICATORS

4 THRESHOLDS

1. Prevent the displacement of existing residents and businesses
2. Ensure community engagement
3. Leverage Funding
4. Track and monitor GHG emissions reductions and other indicators

1. PREVENT THE DISPLACEMENT OF EXISTING RESIDENTS AND BUSINESSES

- a) Proposals shall present a plan detailing how applicant will work to establish policies to prevent displacement
- b) Example Policies

2. ENSURE COMMUNITY ENGAGEMENT

- a) Multi-stakeholder partnerships
- b) Comprehensive Community Engagement
- c) Collaborative Stakeholder Structure

3. LEVERAGE FUNDING

- a) 50% Match of awarded grant amount
- b) Committed before and expended during grant term
- c) Eligible Sources for leverage:
 - Federal funding and State funding (non-GGRF)
 - Private Capital
 - Foundation Grants
 - Local Funds
 - In-kind

4. TRACK + MONITOR GHG + INDICATORS

- a) Must measured indicators tied to Strategies and Goals
- b) GHG Emission reductions must use ARB Quantification Methodologies for CA Climate Investment Programs
- c) Develop and document methodology for projects with no ARB Quantification Methodology

APPLICANT ELIGIBILITY

- Eligible applicants
- Multi-stakeholder partnerships
- Consistency with existing plans
- Demonstrate capacity to implement plan

IMPLEMENTATION GRANTS

- 1) Concept Phase
- 2) Full Application

CONCEPT PHASE

- Define Project Area (neighborhood)
- All or more than half census tracts top 5% CES 2.0
- High Speed Rail
- Demonstrate Meet Thresholds
- Identify: Goals, Strategies, Indicators
- Community plans
- Budget

FULL APPLICATION

- Further Develop Concept
- Work with SGC Staff
- Estimates of GHG reductions
- Competitive basis

PLANNING GRANTS

- Funding to help communities develop local plans, policies, partnerships or other efforts aligned with TCC Program
- Eligible Applicants:
 - Cities, Counties, MPO, JPA, Regional Transportation Agencies, Council of Government or combinations

TECHNICAL ASSISTANCE & SUPPORT

- Build capacity of communities to apply
- SGC will offer TA to applicants throughout application process

Deadline: March 13, 2017
